## WEEK OF TRUTH AND RECONCILIATION

During the week leading up to the National Day for Truth and Reconciliation, students and staff reflected on: what truth and reconciliation means, its importance, and how we help others feel like they matter. To begin this process, each class heard words from the story of residential school survivor, Phyllis Webstad. Grade 7-9 students had the opportunity to share in talking circles with special guests Esther Johnston and Georgina Supernault. All students created handprints to add to our "Here's what we can do to help others feel like the matter. To wrap up the week, we wore our orange shirts in recognition of the legacy of the Canadian residential school system.
